

## Castrol EDGE 10W-60

Strength for Maximum Performance

### Description

#### Castrol EDGE boosted with Titanium Fluid Strength Technology™

Advances in engine technology have led to increased power and efficiency, meaning engines work harder and under higher pressures than ever before. The only thing keeping metal engine components apart is the oil, so it needs to be strong and remain strong. Castrol EDGE is our strongest and most advanced range of engine oils. EDGE boosted with fluid Titanium technology doubles its film strength, preventing oil film breakdown and reducing friction.

### Application

Castrol EDGE 10W-60 is suitable for use in automobile, gasoline and diesel engines where the manufacturer recommends an ACEA A3/B3, A3/B4, API SN/CF or earlier specification 10W-60 lubricant.

Castrol EDGE 10W-60 has BMW Exclusive approval for BMW M-Models that require a 10W-60 lubricant.

Castrol EDGE 10W-60 is approved for use in vehicles that require a VW 501 01 / 505 00 specification 10W-60 lubricant.

### Advantages

Castrol EDGE 10W-60:

- Delivers and sustains maximum horsepower for longer even when under pressure.
- Protects for frequent short trip engine performance.
- Provides maximum engine performance in older sports cars, competition and the latest technology engines which often operate under higher pressures requiring an oil with unsurpassed strength and performance credentials.
- Imported from Germany in the authentic European gold bottle.

***Castrol has been the exclusive partner of BMW since 2000. Castrol has been the only motor oil recommended for BMW over the past 14 years, 2000 - 2014.***
